

## **SPANISH & FRENCH PRESCHOOLS** **El Pequeño Pre-escolar \* La Petite Preschool**

### **YOUNGSTERS DISCOVER THAT SPANISH OR FRENCH IS CHILD'S PLAY**

In early childhood, children are capable of learning a new language at an incredible pace if the fundamentals are presented in the right way. That is precisely what happens at El Pequeño Pre-escolar and La Petite Preschool. The LWFC'S tested methods make it easy for children to learn Spanish or French through play. Students participate in artistic, musical, social and scholastic activities suited to their individual interests and developmental level – and as they go about these activities, they develop Spanish or French language skills. They make friends, have fun and learn more about the world around them.

### **CHILDREN LEARN THROUGH PLAY**

In El Pequeño Pre-escolar and La Petite Preschool students are immersed in Spanish or French every day so they absorb the new language, the same way native speaking children do, and then converse. Preschoolers are guided and encouraged by dedicated staff. Instructors are Spanish or French native speakers who have been trained to use the distinctive and proven Thibaut Technique®.

### **EDUCATIONAL AND FUN**

The children absorb and process language actively through songs, mime, play, charades, movies, arts and crafts, visual aids, baking, and stories – all in Spanish or French!

### **INDIVIDUAL ATTENTION TO EACH CHILD**

El Pequeño Pre-escolar and La Petite Preschool allow children to respond naturally – in their own ways. Our staff makes certain that each preschooler feels comfortable and has a rewarding learning experience filled with recreation, fun and enthusiasm.

### **HALF-DAY PRESCHOOL PROGRAM**

Children flourish in the collaborative atmosphere central to this half-day preschool program. Our instructors follow a developmental philosophy that matches a child's growth through a selection of activities. Curriculum is tailored to meet intellectual development, while providing a balance of structure and free time, so that each child is challenged and not overwhelmed. On any given day, preschool activities might include several of the following (en Español or en Français):

- storytelling
- learning and singing the LWFC's own vocabulary-building songs
- listening to music
- focusing on Spanish or French language skills
- drawing, arts and crafts, clay work
- building with blocks and putting together puzzles
- counting and number games
- dancing, mime and movement
- enjoying snacks and cleaning up afterwards
- free play, organized play
- dolls, visual aids and picture books
- baking and eating their cake or cookies

### **LANGUAGE INSTRUCTION PLUS A WHOLE LOT MORE**

During their preschool years, children learn best through a precise combination of free and structured play. In El Pequeño Pre-escolar and La Petite Preschool, learning a new language is only part of what students learn. They also learn to share, interact with others, build self-confidence and self-esteem, and develop skills that stimulate imagination, reasoning and listening abilities.

### **PROVEN METHODS**

François Thibaut believes that learning language is easy for young children if the process is entertaining and natural. Since 1973 the LWFC's unique Thibaut Technique method has been featured in Parents Magazine, The New York Times, The Wall Street Journal, New York Magazine, People, Ladies Home Journal, CNN, ABC, CBS, NBC, BCC, Telemundo and Univision.
